

UGA Extension & Georgia Dept. of Agriculture Free 1-Hour Webinar!

## Preventing Foodborne Illness in Young Children: Safe Handling of Foods in Child Care Settings

**Date and Time:** Tuesday, April 21 7:00 pm EDT

**Audience:** Child care foodservice staff, child care teachers, in-home child care providers

### In this session, you will learn about:

- Types of foodborne illnesses that affect young children
- How to prevent problems from bacteria, viruses and parasites
- Best practices for handling food safely in child care

### Presenters:

Jessica Badour, Recall Outreach Specialist, Georgia Dept. of Agriculture  
Judy Harrison, Ph.D., Extension Foods Specialist, University of Georgia

### How to Attend the 1-Hour Web Conference:

The webinar will take place on the Blackboard Collaborate system. To join the session, go to :

<https://sas.illuminate.com/m.jnlp?sid=2013048&username=&password=M.A615963FA0B2099F523CEAE0FB15F8>

Please note that Java is required for Collaborate to run, check to see if you have the latest version:

[www.java.com/en/download/installed.jsp](http://www.java.com/en/download/installed.jsp)

Before the session begins, run a systems check on the computer you will be using:

<http://support.blackboardcollaborate.com/ics/support/default.asp?deptID=8336>

If you have not participated in a Collaborate session before, and would like to know more about the system, you can view a participant orientation presentation: [www.brainshark.com/blackboardinc/vu?pi=zGLzYw5XBz35Sgz0](http://www.brainshark.com/blackboardinc/vu?pi=zGLzYw5XBz35Sgz0)

A certificate of attendance will be emailed to participants who **attend the entire webinar live** and **complete a request for a certificate within 24 hours** of completing the webinar. Instructions for requesting certificates will be provided at the end of the webinar for those who have attended the entire session.
