Make Checks or Money Orders payable to Georgia Department of Agriculture

Please notify us if you have previously submitted an affidavit and one acceptable document for any other license or GATE card issued by the Georgia Department of Agriculture. This will allow us to search our databases and upload the required documentation for your new license and enable a better customer service experience. For assistance, call the Customer Service Center at 855-4-AG-LICENSE (855-424-5423).

SEND IN THIS COMPLETED FORM AND PAYMENT TO:

Georgia Department of Agriculture
1109 Experiment Street
Redding Building
Griffin, Georgia 30223

Please call our office at 404-586-1140 if you have any questions about this application

ATTENTION: If you are using this application to renew your license, a \$50 late penalty is assessed on any person or business that renews after January 31 of that year.

YOUR LOCATION AND PLANTS WILL BE INSPECTED PERIODICALLY

- Keep your location free of weeds.
 - Weeds can harbor insect pests and plant pathogens that can affect your plants.
 - Weedy locations can also pose a safety hazard to the inspector.
- Keep your location free of Fire Ants, especially if you participate in the USDA Imported Fire Program.
- Properly maintain your plants so that they are free of insect pests, plant diseases, and weeds.
 - Eliminate conditions that favor pests (such as standing water, etc.)
 - Replace screens on greenhouses that are missing or have large holes
- Keep your plants in good physical condition. Avoid letting your plants:
 - Wilt,
 - become waterlogged, and
 - exhibit symptoms of nutrient deficiencies,
- Remove dead or dying plants so that they will not harbor insects or plant diseases that could infect other plants in your nursery.

Your location could be quarantined if significant maintenance or pest problems are observed during the inspection. Failure to take corrective action after the inspection could result in loss of license.
