This document is a brief  
summary of application  
questions and required  
documentation.

You must maintain the farming operation, or continue to work or otherwise engage in or participate in an agricultural operation through December 31, 2027.

You are required to purchase blueberry crop insurance or Noninsured Crop Disaster Assistance Program (NAP) coverage equal to or greater than the 60/100 level of coverage (or equivalent) for the first two consecutive crop years when coverage is available after receiving payment. Contact a crop insurance agent or the Farm Service Agency for more information.

Failure to meet these requirements will require you to refund the money you received to the Georgia Department of Agriculture.

Documentation listed here is NOT comprehensive.

Applicants may submit additional documentation they believe will support their application.
