Stay informed with the interactive [Yellow-legged Hornet Eradication Map](#)—updated with the latest data.

Issue 36: September 4, 2025 – September 21, 2025

Bi-Weekly Update:

Earlier this week, two part-time Yellow-Legged Hornet (YLH) trappers joined our team. Their work will help expand our monitoring capacity as we continue searching for nests in and around the Savannah, GA area. Community involvement remains essential—if you spot a suspicious-looking nest or increased YLH activity around your beehive, please don't hesitate to report it. Sightings can be reported by emailing yellow.legged.hornet@agr.georgia.gov or by submitting information through our [online form](#).

Report Yellow-legged Hornets in Georgia

Report a YLH Sighting

If you live in Georgia and have seen a yellow-legged hornet, report it with our form. →
